Agenda

Funding fair agenda at each location:

Check in:	8:00 a.m. to 8:30 a.m.
Agency Presentations:	8:30 a.m. to 12:00 p.m.
Discuss Your Projects:	12:00 p.m. to Completion

Language interpretation services are available upon request. Contact Seresa Hartwell at (916) 341-5972 or email seresa.hartwell@waterboards.ca.gov at least five days before the event.

For more information, please visit our website:
www.cfcc.ca.gov

What is CFCC?

Formed in 1998, CFCC comprises six funding members: four state and two federal agencies. CFCC members facilitate and expedite the completion of various types of infrastructure projects helping customers combine the resources of different agencies. Project information is shared between members so additional resources can be identified. CFCC members conduct free funding fairs statewide each year to educate the public and potential customers about the different member agencies and the financial and technical resources available.

Who Should Attend

Representatives from public works, local governments, California Native American Tribes, city managers and planners, economic development and engineering professionals, officials from privately owned facilities, water and irrigation district managers, financial advisors, and project consultants.

CFCC Mission Statement

The purpose of CFCC is to foster cooperation among the six funding agencies that administer water, wastewater, and other public infrastructure needs. The CFCC encourages the efficient use of funds by reducing administrative costs for recipients and funding agencies and evaluating methods for improved performance. CFCC members provide a forum to resolve state and federal program requirement conflicts that may make multiple-funded project difficult to administer. Additionally, funding fairs provide the CFCC with an opportunity to present current program information to the public. Attendees will also have the opportunity to speak with program staff directly.

Eligible Project Types

CFCC agencies fund the following types of eligible infrastructure projects: drinking water, wastewater, water quality, water supply, water conservation, water use efficiency, energy efficiency, flood management, solid waste, and compost. Some of the participating agencies also fund other types of infrastructure projects including streets and highways, emergency response vehicles, and community facilities.

CFCC Information

CFCC has conducted free funding fairs statewide each year to educate the public and offer potential customers the opportunity to meet with financial representatives from each agency and learn more about available funding.

Please visit the CFCC website at www.cfcc.ca.gov for the 2019 funding fair schedule, the CFCC member directory, and general information.
